New Harbor Village
Development plan for Michael Reese Campus

Looking Ahead:
- Boutique Hotel
- 400 rooms
- Excellent lake views
- Steps from McCormick
- Perfect for smaller conventions

Hotel for McCormick:

Metra Station:
- Access to the city
- Reduces traffic congestion
- Zero emission electric trains
- Expansion to 29th street

Residential Options:
- Great lake view
- Minutes from De la Salle and IIT
- Walking distance to the lake
- Within a mile from White Sox and The Bears

Retail and Entertainment:
- Grocery
- Retail businesses
- Theater
- Sports facilities
- Healing garden

Catered Living:
- Family hospital
- Ambulance services
- 24 hr pharmacy
- Testing lab
- Cafeteria

Going Green:
- High efficiency heating and cooling
- Emphasis on indoor environmental quality
- Bicycle friendly layout
- Water efficient design

Gropius Conservation:
Development does not mean destruction. By preserving Singer Pavilion we preserve cultural legacy and historical significance of the site.

Project Team:
- Konstantin Balakirev
- Roberto Brucato
- Lawrence Dorn
- Ellen Gallagher
- Juan Gonzalez
- Churl Jong Kim
- Abishek Patel
- Ruoxi Wang
- Yoon Jeong

Instructors:
- Steven Beck
- William Paschal
- Mark Snyder

New Harbor Village is a catalyst for the development of the neighborhood:
- Drawing residents and business
- Construction of the 31st street Marina
- Further integrating local anchors: IIT, McCormick Place, Museum Campus, Mercy Hospital
